

Class: The Haven development.

Prestige on banks of Yarra

PRIVACY, proximity and prestige come standard in Hamton's latest release of housing at its Haven development in Abbotsford.

Fifteen Riverfront Terrace Homes will be built on the bank of the Yarra River at 679 Victoria St.

Hamton joint managing director Paul Hameister says the low-maintenance homes offer excellent value, particularly compared with riverfront homes in the area.

"We sold five in the first weekend of sales and expect to sell the rest quickly because this is such a unique piece of real estate," Hameister says.

"To have your doorstep lead directly to the bank of the Yarra River, without crossing any road, is unparalleled around Melbourne."

The two, three and four-bedroom terraces were designed by RotheLowman.

They are north-facing and built across two levels, with Miele appliances, stone benches and mirrored splashbacks all standard. Living space peaks at 222sq m.

Lower levels have main bedrooms with ensuites and private courtyards.

The Haven development has 151 apartments, an outdoor lap pool and a rooftop entertainment area. A display suite on site is open daily from 2pm to 4pm. More information is available from Hamton sales manager Tracey Bradshaw 0413 282 999.

Price range

Two-bedroom townhouses from \$820,000, three bedrooms from \$930,000, four bedrooms from \$1.91m
